

Environmental Management System

Policy Statement (EMS01)

Greens Power Limited are totally committed to delivering safe, high quality products and services that satisfy both our Customer requirements, our applicable legal and other requirements and those of other interested parties, whilst preventing pollution, protecting and improving the environment and striving to maintain a workshop that has no “significant” environmental aspects after controls are implemented.

Our environmental protection objectives are:

- Complying with all relevant legal, customer, and other third party requirements;*
- Implementing and maintaining an Environmental Management System that is independently certified as compliant with ISO 14001:2015;*
- Employing processes that identify the aspects of the organisation’s business that have an environmental impact and quantifying the significance of each aspect;*
- Maintaining an environmental performance improvement programme to enable the organisation’s objectives to be achieved;*
- Ensuring that its employees, suppliers and customers are aware of their role in supporting the organisation’s commitments and environmental objectives;*
- Training its employees in good environmental protection practices and encouraging employee involvement in environmental improvement initiatives;*
- Continually monitoring the environmental impact of its business activities.*
- To be a good, environmentally conscious company, to our employees, neighbours, customers and the general public.*

This policy is publicly available to interested external parties upon request.

For and on behalf of the Directors of Greens Power Ltd
